

CHANGE YOUR WATER CHANGE YOUR LIFE

KANGEN WATER

ANTIOXIDANT

molecular hydrogen

RESTRUCTURED

faster absorption,
better hydration

ALKALINE

Natural pH 9.5

YOUR BODY IS MADE OF 60-70% WATER!

The more water we lose, the more we deteriorate.

Water is the primary substance of your body, and even of the Earth!

It is evident that water plays a central role in your health, and you can be sure that its quality has an enormous effect.

Your water quality drastically affects all of your cells at the molecular level.

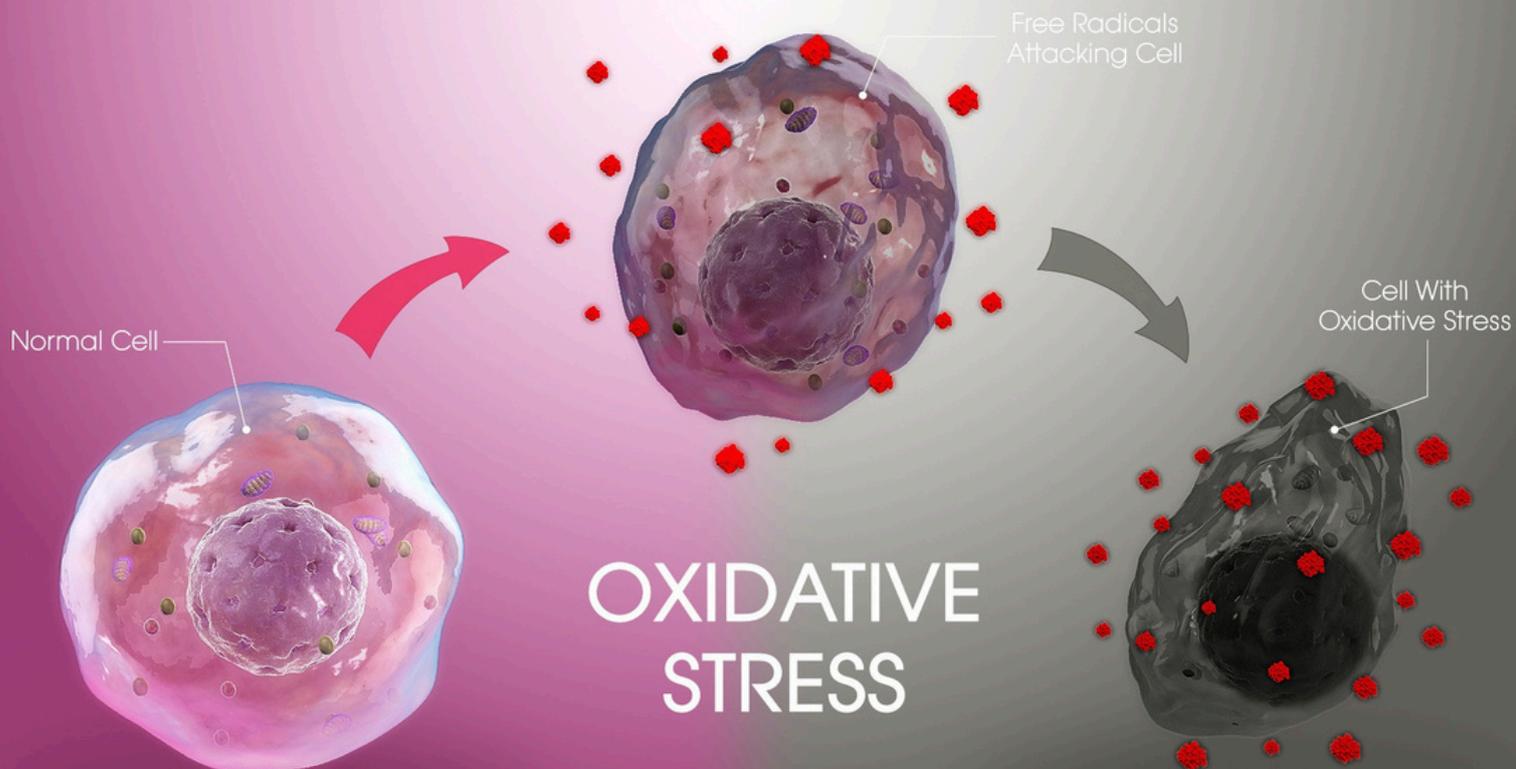

We need water to keep us going every day and help us perform at our very best! When you are adequately hydrated, your body can effectively:

- Regulate your body temperature
- Maintain healthy skin
- Lubricate joints
- Digest food
- Help the brain function at its best
- Produce necessary bodily fluids, such as tears and saliva
- Maintain the shape of your cells
- Transport of vital nutrients
- Shock absorber for brain, spinal cord, and fetus

NOT ALL WATER IS CREATED EQUAL

the modern-day problem

OXIDATIVE STRESS

While free radicals and antioxidants are part of your body's natural and healthy functioning, oxidative stress occurs when free radicals and antioxidants are out of balance, this deeply damages all of your cells

EFFECTS OF OXIDATIVE STRESS IN THE BODY

- When there are more free radicals present than can be kept in balance by antioxidants, **the free radicals start damaging fatty tissue, DNA, and proteins in your body**
- Proteins, lipids, and DNA make up a large part of your body, so that damage can lead to many diseases over time. Oxidative stress also contributes to aging.

While you can't completely avoid exposure to free radicals, you can make lifestyle choices regarding diet, exercise, and your environment to help keep your body in balance and prevent damage!

TAP WATER

DOING MORE HARM
THAN GOOD?

According to the Environmental Working Group, there have been **315 pollutants found in America's tap water since 2004**. Over half of these pollutants are completely unregulated and can legally exist in any amount.

A new study found that contaminated tap water causes 100,000 cancer cases in the United States over a lifetime.

The contaminants in question are **industrial water disinfectants, unregulated emerging pollutants, and microplastics.**

Water treatment facilities worldwide depend on industrial disinfectants like chlorine to kill off any harmful bacteria within the water supply. Serious issues can arise when these **chemical disinfectants create dangerous by-products**, some classes of which, like trihalomethane, have been linked to **bladder cancer, colon, and rectal cancers, as well as birth defects.**

IS
BOTTLED
WATER
THE
WAY TO
GO?

Almost 300M tonnes of plastic are produced each year and, with only 20% being recycled, most of it ends up littering our land, oceans, air, and waterways in the form of insidious micro-plastic particles.

Aside from the undeniable environmental reasons against drinking bottled water, it's also proven to **contain toxic chemicals**. When a plastic bottle gets hot, it can release a bisphenol A (**BPA**) substance, thereby contaminating the liquid inside. BPA has been linked to diseases such as cancer and diabetes and potentially cause hormonal issues in adults.

Bottled water can also be slightly acidic, not suitable for our health. And even alkaline bottled water contains **additives that are not good for your health**, such as magnesium sulfate and potassium chloride.

BOTH TAP AND BOTTLED WATER ARE ACIDIC, POLLUTED, AND DO MORE HARM THAN GOOD TO OUR BODIES AND PLANET...

the modern-day solution

KANGEN WATER

Kangen means "return to origin" in Japanese.

Kangen Water is ANTIOXIDANT, ALKALINE & RESTRUCTURED water produced by Enagic's water ionizers.

For more than 40 years, Kangen Water has been used in Japan and worldwide to transform ordinary acidic tap water into **alkaline, antioxidant, and electrolyte-rich drinking water!**

Kangen Water ionizers effectively **remove 95% of chlorine, sediments, odors, and some micro-plastics.**

Kangen Water is the ideal way to get a constant flow of powerful antioxidants into your body!

Our modern lifestyle causes a significant increase in oxidative stress in our bodies. A constant supply of external antioxidants should be part of one's daily diet to reduce oxidative stress and related damage.

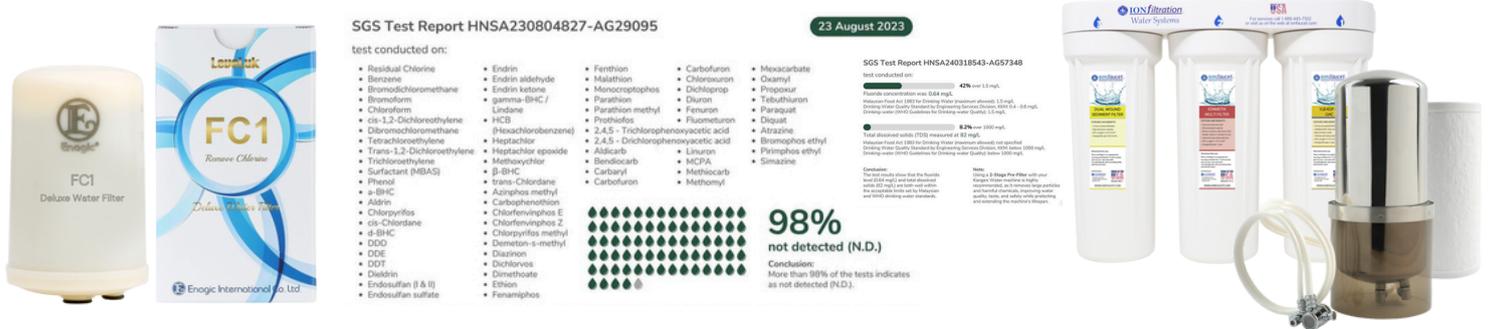

Drinking Kangen Water throughout the day is one of the best ways to get that constant influx of powerful antioxidants into your body; you eat 3-5 times a day, but you drink water all day long!

let's talk about

FILTRATION + IONIZATION

When it comes to creating the highest-quality water for your health, two essential processes work together inside every Kangen Water® machine: filtration and ionization. Let's break it down simply...

1. Advanced Filtration: Clean Water First

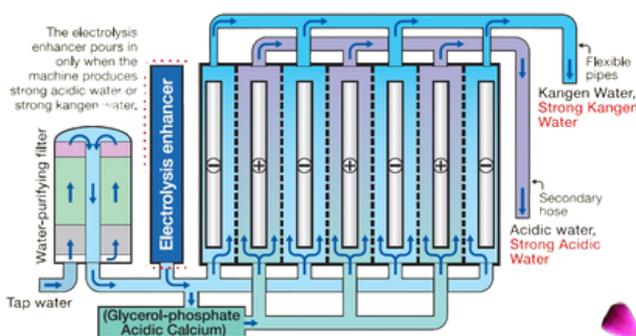

- Before the water is ever ionized, it must be purified. Kangen Water® machines use a high-grade FC1 internal filter to remove:
 - Chlorine
 - Rust & sediment
 - Odors and organic contaminants + pesticides
 - Lead, Fluoride reduction and other harmful particles

• Pre-Filtration Options

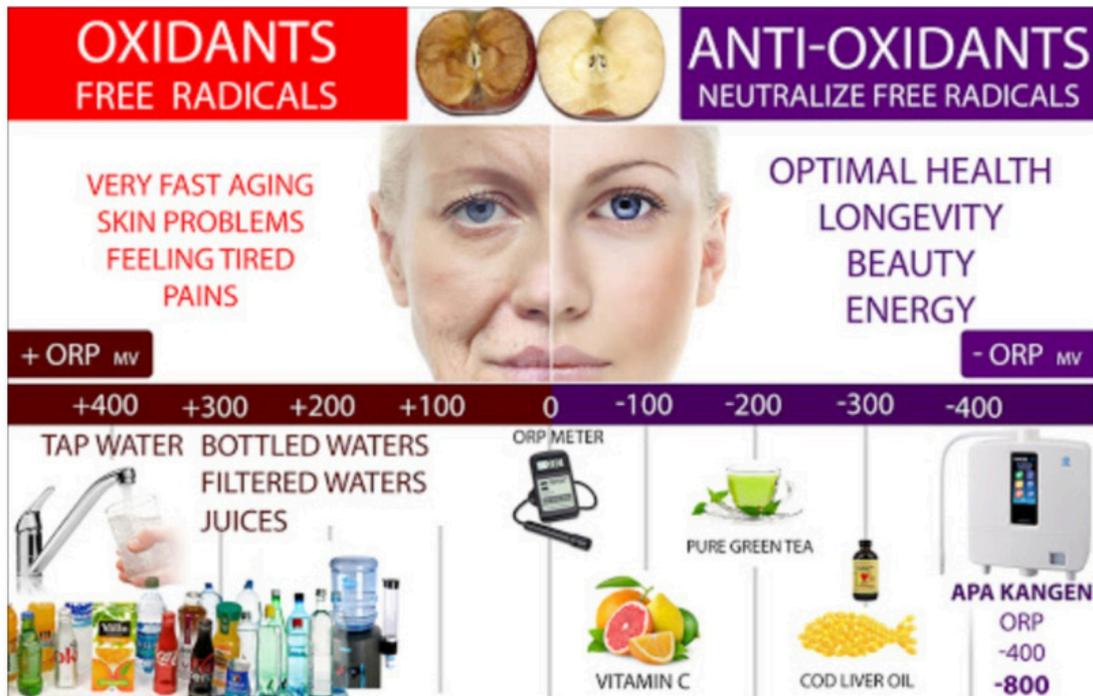

- For areas with harder water or older plumbing, we also recommend a pre-filter. We have pre-filtration options as low as \$200 that we can connect you with.
- This ensures your machine receives the cleanest water possible the heavy metals, additional fluoride, PFAs and PFOAs which protects the plates and improves long-term performance (ask the person you shared this with you about the different pre-filter options based on your local water source).

2. Ionization: The Magic of Molecular Change

- Once filtered, the water flows through platinum-coated titanium plates and undergoes electrolysis. This is where the transformation happens.
- During ionization:
 - The water is split into two streams – alkaline (Kangen Water®) and acidic.
 - Hydrogen-rich molecules are infused into the alkaline water.
 - The result? Water with powerful antioxidant properties, a higher pH, and micro-clustering for better cellular absorption.

ANTIOXIDANT

Kangen Water is scientifically known as Electrolyzed Reduced Water (ERW); scientists worldwide are heavily researching ERW due to the presence of one of the most potent antioxidant compounds known today: **molecular hydrogen**.

Molecular hydrogen acts as an efficient antioxidant that diffuses rapidly across cell membranes and can reduce free radicals mitigating oxidative stress. It can easily reach your organelles like your mitochondria and cell nuclei.

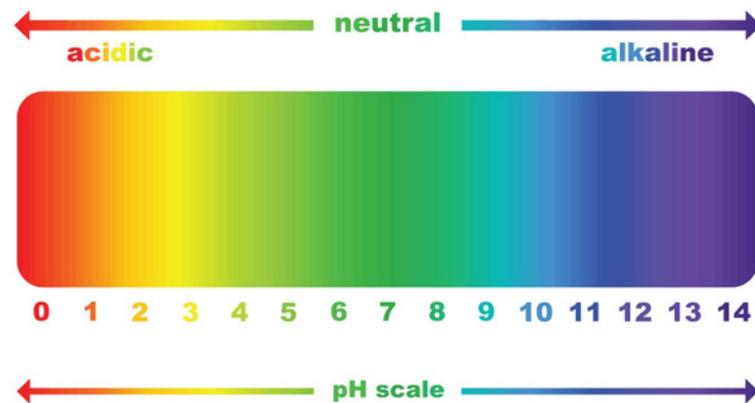

Kangen Water also shows a negative ORP. ORP stands for Oxidation-Reduction Potential and measures the ability of a substance to either be an oxidant (positive ORP) or an antioxidant (negative ORP). ORP values are an essential measurement for determining the quality of water.

Straight out of the Leveluk K8, Kangen Water has a negative ORP of -700 to -850!

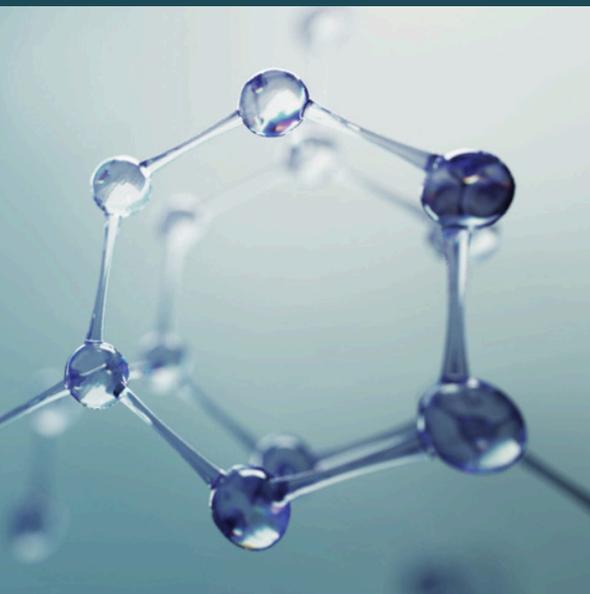

ALKALINE

As with most things in life, optimal health begins with balance. **Our bodies must maintain a pH balance of 7.365, slightly alkaline.** A pH scale determines whether a substance is acidic or alkaline. On this scale, 7.0 is neutral, anything above 7 is considered alkaline, and anything below 7 is considered acidic.

- **Kangen Drinking Water has a pH from 8.5 to 9.5!**
- Sodas, alcohol, processed foods, tap, bottled water and more, are highly acidic.

RESTRUCTURED

Restructured water means **re-organized water molecules**. Water molecules in liquid form are bonded together, forming specific geometrical patterns.

Kangen Water is restructured water; the **new organization of the water molecules allows for faster absorption and better hydration**. Although, this effect is not permanent, which is why Kangen Water should always be consumed fresh!

main uses of the different PH LEVELS

STRONG ACIDIC WATER PH 2.5

FUNCTION

- Sterilization, disinfection, sanitization

USES

- Pesticide removal from food
- Disinfecting skin, food, items, and surfaces
- Disinfecting wounds
- Mouth wash

MILD ACIDIC & BEAUTY WATER PH4-6

FUNCTION

- Astringent for beauty purposes

USES

- Skin toner
- Water plants
- Hair spray
- Window, tile, floor, and ceramic cleaning

KANGEN WATER 8.5 - 9.5

Hydrogen-rich/Antioxidant water, for drinking, making coffee, tea, and cooking

CLEAN WATER 7.0

medication & baby formula

BEAUTY WATER 4.0 - 6.0

astringent, facial toner, house plants, cooking, hair rinse, serious skin issues

STRONG KANGEN 11.5

oil emulsifier, pesticide removal, safe degreaser, stain removal, laundry detergent

STRONG ACIDIC WATER 2.5

safe & effective disinfectant, topical uses

YOUR KANGEN WATER
MACHINE CAN MAKE
**FIVE DIFFERENT TYPES
OF WATER WITH OVER
100+ DIFFERENT USES**

NEUTRAL WATER PH 7

FUNCTION

- Clean, non-ionized water

USES

- Medicines
- Babies
- Drink
- During meals

KANGEN WATER PH 8.5; 9.0; 9.5

FUNCTION

- Ionized drinking water, for humans and for pets

USES

- Drinking outside meal time
- For pets
- Cooking
- Ice

STRONG KANGEN WATER PH 11.5

FUNCTION

- Cleaning, rinsing, disinfecting, lipid extraction, pesticide removal

USES

- Pesticide removal from food
- Laundry
- Hangover
- Soaking to relieve inflammation
- Cleaning greasy surfaces

additional 101+ uses

FOR YOUR HOME + HEALTH

KANGEN WATER (8.5 - 9.5 pH) - Daily Drinking/Hydration

- Daily drinking water – Alkalize and rehydrate cells.
- Morning hydration – Jumpstarts digestion and metabolism.
- Coffee and tea – Enhances flavor and smoothness.
- Smoothies – Helps emulsify ingredients better.
- Cooking pasta – Retains more nutrients in food.
- Soups and broths – Adds clean flavor and hydration.
- Pet/Animal water – Promotes energy and digestion.
- Hydrate post-workout – Better cellular recovery.
- Cold water infusion – Add fruits or herbs.
- Ice cubes – Cleaner ice without chlorine taste.
- Make salad dressing – Enhances emulsion.
- Rehydrate while fasting – Less stomach acidity.
- Mix with apple cider vinegar – Balanced detox tonic.
- Prepare protein shakes – Smoother blend and digestion.
- Drink after sauna – Restores minerals and hydration.
- Hydrate before big events/performance – Boosts energy.

STRONG KANGEN WATER (11.5 pH) - Cleaning/Detox

- Remove pesticides from produce – Soak fruits/veggies.
- Degrease stovetops – Breaks down oil buildup.
- Clean cutting boards – Penetrates deep grime.
- Laundry stain treatment – Pre-soak for grease stains.
- Soak dish sponges – Removes odors and bacteria.
- Clean oven hoods – Cuts grease fast.
- Pre-wash rice – Removes acidic film.
- Clean BBQ grills – Removes caked-on residue.
- Oil-based stain remover – Use before washing clothes.
- Clean kitchen floors – Cuts through grime naturally.
- Clean baby toys – Especially oily or sticky ones.
- Mop garage floors – Lift oil and dirt safely.
- Clean reusable straws – Soak and rinse built-up debris.
- Degrease pots and pans – Let sit before scrubbing.
- Soak car mats – Breaks down road grime.
- Remove blood stains – Apply before laundering.
- Clean stove burner trays – Degrease with ease.
- Treat driveway oil stains – Pour, scrub, rinse.
- Clean BBQ tools – Spray and wipe.
- Sanitize reusable water bottles – Cut through residue and grime.
- Wash gardening tools – Loosen dirt and sap.
- Clean whiteboards – Cut through marker build-up.
- Remove gum from surfaces – Loosens sticky gum without chemicals.

additional 101+ uses

FOR YOUR HOME + HEALTH

BEAUTY WATER (4.0 - 6.0 pH) - Skin/Plant Care/Mild Cleaning.

- Skin toner – Refreshes and tightens skin.
- Hair rinse – Enhances shine and softness.
- Hydrate face post-sun – Cools and soothes skin.
- Freshen armpits – Natural, non-irritating body spray.
- Hydrate indoor plants – Keeps leaves vibrant.
- Hair spray – Light mist to reduce frizz.
- Soothe razor burn – Spray on shaved skin to calm irritation.
- Aftershave toner – Close pores and reduce bumps.
- Dog fur refresher – Spritz to neutralize odors.
- Set curls – Use as a natural hair setting spray.
- Ironing spray – Helps release wrinkles from fabric.
- Refresh pet fur – Light mist keeps coats clean and hydrated.
- Wipe leather – Clean shoes, bags, or jackets without drying.
- Mop hardwood floors – Gentle cleaner that won't strip finish.
- Spray humidifier – Prevent mildew while being mineral-safe.
- Mist car interiors – Use as light air freshener.
- Clean children's toys – Gentle wipe-down for frequent contact.
- Rinse crystals or stones – Preserve energetic or visual clarity.
- Wipe mirrors – Streak-free shine.

NEUTRAL WATER (7.0 pH) - Medication Use/Children/Cooking Prep

- Prepare baby formula – Neutral and clean.
- Take with medicine – Avoid chemical reaction with meds.
- Rinse vegetables – Neutral rinse post-cleaning.
- Clean wounds – Gentle rinse for scrapes.
- Rinse eyes – Flush mild irritants (safe alternative to saline).
- Cook rice – Neutral taste, avoids flavor alteration.
- Clean contact lens cases – Sterile soak for lens storage.
- Dilute essential oils – For safe skin application.
- Cool down fever – Use soaked cloth on forehead.
- Clean musical instruments – Use neutral water on wood or metal.
- Clean camera lenses – Use for safe, non-streaking clarity.
- Refresh pet bedding – Neutral for skin-sensitive animals.
- Deodorize shoes – Spray without affecting fabric or leather.

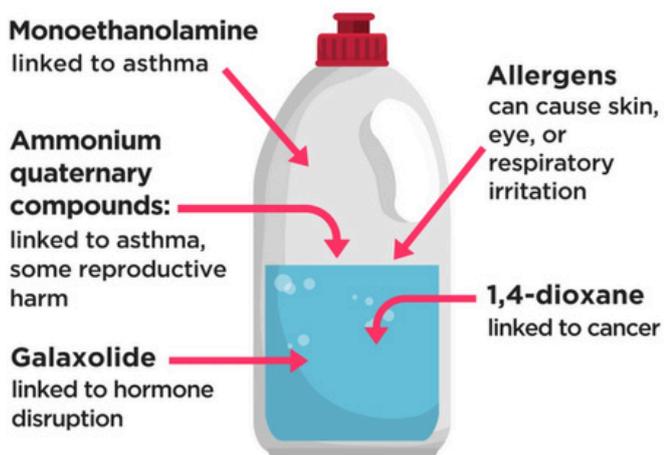

ENVIRONMENTAL IMPACT

More and more people are concerned with the amount of plastic in landfills and the ocean, and many are actively looking for a solution to a greener household and greener lifestyle. For our health and our beloved planet.

Industries have made us believe that we need lots of different and specific cleaning products, all coming from big industries and plastic packaging. In reality, **the only thing we truly need to clean our homes and even ourselves is water.**

Our ancestors washed and cleaned everything with pure water. Of course, today, we live in an environment where things get dirtier, and so the solution used to be adding certain chemicals into the water to clean those things more effectively...

Toxic chemicals in cleaners

However, **this kind of thinking has only caused us to pollute our air, water, and the environment with toxic chemicals and pollute lands and oceans with enormous amounts of plastic...**

This chemical-based solution used to work in its time, but no longer does. We live in a time where Earth is asking us to change our habits and behaviors, so we can all thrive in a healthier environment.

The natural solution is returning to the liquid that is the source of all life on Earth

WATER

Kangen Water ionizer machines not only give you the best water available for your health, but they also offer you an alternative to all toxic chemical-based cleaning products (and more!).

Your Kangen ionizer will allow you to ditch all harmful and toxic cleaning products that harm your health, your loved ones, and our planet.

Choose Kangen Water and reap the benefits of your machine to do all of your cleaning, free of toxins and full of life!

UNIQUE CHARACTERISTICS OF PH 2.5 STRONG ACIDIC WATER:

- Disinfects
- Breaks down proteins
- Deodorizes
- Brightens

UNIQUE CHARACTERISTICS OF PH 4-6 MILD ACIDIC WATER:

- Strips soapy residue
- Shines surfaces
- Creates a sheeting action

UNIQUE CHARACTERISTICS OF PH 11.5 STRONG ACIDIC WATER:

- Emulsifies fats and oil
- Lifts dirt
- Repels dirt
- Restores a bright finishing
- Cleans like soap without leaving residue

With the purchase of your Kangen Water machine, your distributor will send you the *Kangen Lifestyle E-book*, where you will find all the uses of the different pH levels and many recipes to create a clean, green, and safe environment at home with Kangen Water.

about

ENAGIC[®] INTERNATIONAL

CERTIFICATIONS

For over four decades, **Enagic International has been the leader in manufacturing water-ionization systems** that transform regular tap water into pure, healthy, electrolytically-reduced, and hydrogen-rich drinking water.

Enagic International is the only water filtration and alkaline-ionizer distribution company globally with its own OEM manufacturing facility in Japan and **ISO-certified quality control processes**.

All employees must master high-level technological knowledge and proficiency throughout the entire process, including development, production, supply, and service.

Enagic machines are individually assembled by artisans and then inspected, tested, and certified by highly-trained QC engineers.

Enagic International is certified to ISO 9001, ISO 14001, and ISO 13485 for quality control and environmental management, to the Water Quality Association Gold Seal for product certification, and a member in good standing of the prestigious Direct Selling Association.

THE KANGEN MACHINES

ACHIEVING TRUE FREEDOM THROUGH TRUE HEALTH
PHYSICAL HEALTH · FINANCIAL HEALTH · MENTAL HEALTH

The K8 (Most Popular Model) = \$5,890 USD

Enagic's most advanced machine with 8 platinum-coated titanium plates, delivering powerful antioxidant water, a wide pH range (2.5–11.5), and a touchscreen in 8 languages. It features universal power voltage (100–240V), making it travel-friendly and ideal for families or high-performance users worldwide.

SD501 DX (Newest Model) = \$5,360 USD

An upgraded version of the original SD501 with the same 7-plate power, a modern design, multilingual voice prompts, and user-friendly features. It also supports universal voltage (100–240V) for global use, perfect for households wanting premium performance with international flexibility.

SD501 PL (Platinum Stainless Model) = \$4,820 USD

This platinum edition of the SD501 offers the same strong functionality with a stylish silver finish and voice guidance in 5 languages. A great blend of power and aesthetics for daily use (standard voltage).

SD501 (Original Flagship Model) = \$4,710 USD

The classic and best-selling Enagic machine with 7 plates, trusted for over a decade for producing all 5 types of Kangen Water. Reliable, durable, and ideal for most households (standard voltage).

JRIV (Limited Starter Model) = \$3,530 USD

A more affordable 4-plate machine that still produces all water types but with lower power and flow. Best suited for individuals, couples, or light use (standard voltage model).

SUPER SD501 (Commercial Model) = \$7,080 USD

Built for high-volume use, this machine features 12 plates in dual electrolysis chambers to generate strong acidic and alkaline water at higher flow rates. Great for large families, restaurants, or commercial settings (standard voltage).

THE OTHER ENAGIC® PRODUCTS

ANESPA (Shower Model) = \$3,420 USD

Anespa DX is Enagic's luxurious home spa and shower filtration system designed to transform your daily routine into a rejuvenating experience. It removes harmful chlorine, heavy metals, and other skin-damaging impurities from tap water, while infusing it with beneficial natural hot spring minerals from Japan's famous Onsen waters. The result is softer, cleaner water that nourishes your skin, strengthens your hair, and leaves you feeling refreshed, hydrated, and balanced—every time you bathe.

EMGUARDE (EMF Harmonizer) = \$1,980 USD

emGuarde is Enagic's newest wellness device designed to reduce and harmonize the negative effects of electromagnetic radiation from everyday electronics like phones, Wi-Fi, and laptops. Using advanced interference suppression technology, it helps create a more balanced and bio-friendly environment — supporting focus, energy, and long-term well-being in our modern, wireless world.

KANGEN AIR (Air Purifier Devices) = \$1,980 USD

Kangen Air is Enagic's advanced air purification system that uses photocatalytic technology with titanium dioxide and UV-LED light to break down airborne pollutants like bacteria, viruses, allergens, VOCs, and odors at the molecular level. Unlike traditional filters that trap particles, Kangen Air destroys them—while also releasing refreshing negative ions to support clean breathing, better focus, and a healthier indoor environment.

UKON Σ (Turmeric Products) = \$2,660 USD

Enagic's Ukon Σ (Sigma) is a premium daily supplement made from wild Okinawan turmeric—naturally rich in curcumin—combined with essential oils, vitamins, and plant-based nutrients to support total body wellness. Formulated to help reduce inflammation, strengthen immunity, and promote long-term vitality, it's harvested from Enagic's own certified organic farms in Okinawa, Japan. Ukon is also available in soothing tea and nourishing turmeric soap for a complete inside-and-out wellness experience.

KANGEN WAGYU (Premium Beef) = \$880 USD

Kangen Wagyu is ultra-premium, hormone-free American Wagyu beef raised on Kangen Hydrogen-Rich Water for exceptional marbling, buttery tenderness, and a clean, nutrient-dense flavor you can taste in every bite. Sourced from ethically raised cattle and crafted for health-conscious food lovers, it's available in gourmet steaks, juicy sausages, and flavorful burger patties.

ENAGIC LEGACY RESIDUAL BONUSES:

step-by-step guide on

HOW TO START WITH ENAGIC

STEP 1: Decide What You Want To Do

- Are you looking to:
 - Purchase the product(s) for your personal health?
 - Start as business partner and earn commissions?
 - Do both? (*most popular*)

Quad Package
K8 + emG + Ukon + Anespa

Duo Package
K8 + emG

Step 2: Choose Your Product(s)

Most people start with one or more of the following:

- **Kangen K8** – Enagic's flagship water ionizer with 8 titanium plates and touchscreen control.
- **Anespa DX** – Mineral-rich shower system designed to protect skin and hair from chlorine and harmful chemicals.
- **emGuarde** – Electromagnetic frequency (EMF) harmonizer that helps reduce the harmful effects of radiation from devices.
- **Ukon Σ** – Enagic's turmeric supplement and personal care product line that unlocks a second business lane
- **We recommend (DUO or QUAD Premium Package)** – is our most popular option for health-conscious professionals and business builders (**click [HERE](#) to learn more**)

Step 3: Enroll with a Sponsor

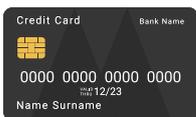

You'll need to sign up under an active Enagic distributor who will help you (*the person who shared this information with you*):

- Complete the official Enagic application
- Submit your product order
- Set up your direct deposit and account
- Access onboarding tools and support

Step 4: Select Your Payment Option

You can:

- Pay in full using a debit or credit card
- Use Enagic's in-house financing (for select machines)
- Apply for third-party financing with monthly payments and \$0 down (varies by location and credit)

Step 5: Receive and Set Up Your Package

Once your order is confirmed:

- Products are shipped directly to your door within 5-7 biz days
- You'll get training resources via our Team SAGA app on how to use and maintain each device

Step 6: Plug Into Our Resources (Optional)

Whether you're a customer or partner, you'll get access to powerful resources that explain our products and opportunity and how they benefit you:

- Get plug-and-play sales funnels, scripts, CRM, and training via our Team True Legacy FaceBook Group
- Understand more about the product uses, and benefits
- Book your first conversations and start earning referral commissions
- Plug into a team system for community, coaching, and momentum
